

Light Patch™

Designed for general use, the Light Patch is one of the most versatile of the BioScan accessories. Place it anywhere on the horse's body for great results. Its flexibility allows you to position the 24 light-emitting diodes anywhere on the body. It can be placed under a leg wrap for lower leg injuries or on the back, or it can be taped on the neck or across the hamstrings. It can be easily taped in place to allow for hands-free treatment. The Light Patch is also ideal for use on small animals.

- **Versatile**
- **Battery powered**
- **24 light emitting diodes**
- **Use on neck, back or anywhere**

Price: \$249.00

The Light Patch must be hand held or taped on for longer time periods.
